HAIR & MAKEUP DESIGNER

A hair and makeup artist for 16 years, in 2020 I designed for the new lockdown episodes of Vicar of Dibley. Career highlights include being a providing personal hair and makeup for Dawn French and being part of the Academy Award winning makeup team on The Darkest Hour.

A fully qualified hairdresser, I took the step of training specifically in African type hair with City and Guilds in order to be as well rounded as possible.

With a fine art background, I bring creative expression to projects, very well regarded people skills and a high attention to detail and organisation.
